Sommario/riassunto	Queer Tracks describes motifs in popular music that deviate from heterosexual orientation, the binary gender system and fixed identities. This cutting-edge work deals with the key concepts of current gender politics and queer theory in rock and pop music, including irony, parody, camp, mask/masquerade, mimesis/mimicry, cyborg, transsexuality, and dildo. Queer Tracks is a revised translation of Queere Tracks. Subversive Strategien in Rock- und Popmusik, originally published in German.
