| Nota di contenuto | Introduction: Why America matters -- America's view of Islam -- Holy Land for a chosen people -- How Islam shaped America -- America's gifts to Muslims and Arabs -- Failing civilizations -- Future without prejudice. |
| Sommario/riassunto | Islam and America argues that the current animosity between the U.S. and Islam can be best understood through the often-overlooked history between the two. Author Anouar Majid weaves personal stories with historical narratives from the Pilgrims to the present to offer a critical view of both cultures and suggest a path towards future peace. |
