Sommario/riassunto

"This important work... synthesizes the evolution of warfare from 1775 to the present." -Military Review  
 A thorough revision of a highly successful text, this new edition provides a comprehensive picture of the evolution of modern warfare. From reviews of the first edition:  
 There is nothing else in print that tells so much so concisely about how war has been conducted since the days of Gen. George Washington." - Russell F. Weigley  
 "A superior synthesis. Well written, nicely organized, remarkably comprehensive, and laced with facts." -Military Affairs
