Sommario/riassunto

Covering the latest legal updates and rulings, the second edition of
Digital Media Law presents a comprehensive introduction to all the
critical issues surrounding media law. Provides a solid foundation in
media law Illustrates how digitization and globalization are constantly
shifting the legal landscape Utilizes current and relevant examples to
illustrate key concepts Revised section on legal research covers how and
where to find the law Updated with new rulings relating to corporate
political speech, student speech, indecency and Net neutrality
