Sommario/riassunto

Korea 2012: Politics, Economy and Society contains concise overview articles covering domestic developments and the economy in both South and North Korea as well as inter-Korean relations and foreign relations of the two Koreas in 2011. Additional papers deal with topics such as South Korea's foreign trade drive, the death of Kim Jong Il, South Korea as a middle power, the portrayal of North Koreans in ROK cinema, graphic novel representations of food issues in post-famine North Korea, and North Korean views of foreigners. A detailed chronology complements the articles.
