Sommario/riassunto	This book examines the effects of the Common Foreign and Security Policy (CFSP) of the European Union (EU) on the national foreign policies of Ireland and Austria.Small and neutral EU member states provide a fascinating case-study as the CFSP entails a dilemma for them. Their size may create assumptions that they are more likely to adopt EU policy, yet the traditional position of neutrality may act contrary to

Europeanization. By concentrating on this side of the reciprocal relationship between EU and national foreign policy, the book takes a new and innovative approach to investigat
