Sommario/riassunto	This book focuses on a dimension of art which the philosophical tradition (from Plato to Hegel and even Adorno) has consistently overlooked, such was its commitment - explicit or implicit - to mimesis and the metaphysics of truth it presupposes. De Beistegui refers to this dimension, which unfolds outside the space that stretches between the sensible and the supersensible - the space of metaphysics itself - as the hypersensible and show how the operation of art to which it corresponds is best described as metaphorical. The movement of the book, then, is from the c
