Sommario/riassunto	The Routledge Handbook of Tourism Research is a compendium of some of the most relevant issues affecting tourism development today. The topics addressed in this book provide some new thinking for those involved in tourism research. This book takes the reader from the beginnings of tourism research to a discussion of emerging forms of tourism and selected examples of tourism development. The underlying theoretical dimensions are reviewed, analysed and discussed from a number of perspectives. This book brings together leading researchers, many of whom are members of the International
