Sommario/riassunto	In the World Library of Educationalists series, international experts themselves compile career-long collections of what they judge to be their finest pieces - extracts from books, key articles, salient research findings, major theoretical and practical contributions - so the world can read them in a single manageable volume. John MacBeath has spent the last 30 years researching, thinking and writing about some of the

key enduring issues in education. He has been involved in advising on policy both nationally and internationally, and has contributed books and articles across to
