Autore	Beresford James <1972->
Titolo	The ancient sailing season [[electronic resource] /] / by James Beresford
Pubbl/distr/stampa	Leiden ; ; Boston, : Brill, 2013
ISBN	1-283-85508-9 90-04-24194-9
Descrizione fisica	1 online resource (380 p.)
Collana	Mnemosyne, supplements ; ; 351 History and archaeology of classical antiquity
Disciplina	387.2/10938 623.890901
Soggetti	Navigation - History - To 1500 Sailing - History - To 1500 Naval history, Ancient Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from PDF title page (viewed on Dec. 3, 2012).
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Front Matter -- The State of Modern Scholarship -- The Textual Evidence -- The Mediterranean Climatic Regime -- Ships and Sails -- Navigation -- The Sailing Season of the Indian Ocean -- Ancient Pirates and Fishermen -- Conclusion -- Bibliography -- Illustration Section -- Index.
Sommario/riassunto	Providing a comprehensive examination of the capacity of ancient ships and seafarers to cope with seasonally changing sea conditions, this book draws on a wide range of ancient literary sources while also taking account of modern weather records, hydrological data, and recent archaeological discoveries. Taking a fresh look at the various ways in which seasonality affected maritime transport across the sea-lanes of the ancient world, this book offers new perspectives on the nature of seaborne trade, naval warfare and piratical operations. The result is a volume that questions many long-held scholarly assumptions concerning the strength and seaworthiness of ancient vessels, as well as the abilities of Greek and Roman mariners, to regularly undertake voyages across hazardous stretches of sea.
