Sommario/riassunto

First published in 1939. This book consists chiefly of extracts from Chuang Tzu, Mencius and Han Fei Tzu. Chuang Tzu's appeal is to the imagination; the appeal of mencius is to the moral feelings; realism, as expounded by Han Fei Tzu, finds a close parallel in modern Totalitarianism and as a result these extracts from a book of the third century B.C. nonetheless have a very contemporary connection.
