Sommario/riassunto	This book explores the political imagination of Eastern Europe in the 1830's and 1840's, when Polish, Russian, and Ukrainian intellectuals came to identify themselves as belonging to communities known as nations or nationalities. Bilenky approaches this topic from a transnational perspective, revealing the ways in which modern Russian, Polish, and Ukrainian nationalities were formed and refashioned through the challenges they presented to one another, both as neighboring communities and as minorities within a given community. Further, all three nations defined themselves as a result of their

Sommario/riassunto	Effective Resources for Able and Talented Children has been written to meet the massive demand for practical resources designed to stimulate and inspire more able pupils. It can be seen as a practical sequel to Barry Teare's Effective Provision for Able and Talented Children (published by Network Educational Press), but also stands entirely alone as the activities can be used quite independently. What the Book Covers: Contains a wealth of attractive and exciting photocopiable resources for able and talented pupils in both the primary and secondary sectors; Provides activities designed
