| Sommario/riassunto | What does it mean to be a citizen in a multicultural society? And what role must patriotism play in defining our relationship with our country and fellow citizens? In The Virtuous Citizen Tim Soutphommasane answers these questions with a critical defence of liberal nationalism. Considering a range of contemporary political debates from Europe, |

North America and Australia, over issues including multiculturalism, national history, civic education and immigration, Soutphommasane argues that a love of country should be valued alongside tolerance, mutual respect and public reasonableness as a civic virtue. A liberal form of patriotism, grounded in national identity, is, if anything, essential for political stability in a diverse society. This book is required reading not only for political theorists and philosophers but also for researchers and professionals in political science, sociology, history and public policy.

| Sommario/riassunto | This is the second monograph published by Karnac Books on behalf of the Brent Adolescent Centre/Centre for Research into Adolescent Breakdown. Drawing on the Centre's unique pool of expertise in the |

field, this book contains papers giving up-to-date psychodynamic perspectives on adolescent breakdown by leading clinical experts. These cover a range of topics, such as the differing developments in male and female adolescents, and the particular problems of psychotherapeutic intervention with them. It also includes the proceedings of a conference on the subject held in October 1995. Here the issues of adolescent breakdown are discussed in the wider context which workers in the caring professions must consider. Overall, this volume provides a concise, contemporary overview of a topic whose importance is increasingly being recognized both inside and outside the psychotherapeutic community.
