Sommario/riassunto	The euro was originally seen as another stepping stone to a politically unified Europe. Yet with the fall of the Berlin Wall, the disintegration of the Soviet Union and the unification of Germany, the need for European political union as a means to ensure peace in Europe disappeared. Due to the fading will for full political union, the euro project lost the prospect of a stable platform in the foreseeable future. As a result, the euro crisis forces policymakers to develop a new architecture for EMU. ? Europe's Unfinished Currency' proposes that this can only be done by way of a cu
