Sommario/riassunto	The Analyst's Analyst Within is the most illuminating study to date of how psychoanalysts' experiences with their own analysts affect their lives, their loves, and their evolving professional identities. A gifted interviewer with equally gifted interview subjects, Tessman samples different gender combinations and age ranges in showing how the values typifying different eras of psychoanalytic theorizing enter into the meaning and impact of training analyses. Tessman's findings are striking, and they do not end with her discovery of startling differences
