| Sommario/riassunto | Soon after the September 11 attacks in 2001, the United States captured hundreds of suspected al-Qaeda terrorists in Afghanistan and around the world. By the following January the first of these prisoners arrived at the U.S. military's prison camp in Guantanamo Bay, Cuba, where they were subject to President George W. Bush's executive order authorizing their trial by military commissions. Jess Bravin, the Wall Street Journal's Supreme Court correspondent, was there within days of the prison's opening, and has continued ever since to cover the U.S. effort to create a parallel justice system for enemy aliens. A maze of legal, political, and moral issues has stood in the way of justice-issues often raised by military prosecutors who found themselves torn |

between duty to the chain of command and their commitment to fundamental American values. While much has been written about Guantanamo and brutal detention practices following 9/11, Bravin is the first to go inside the Pentagon's prosecution team to expose the real-world legal consequences of those policies. Bravin describes cases undermined by inadmissible evidence obtained through torture, clashes between military lawyers and administration appointees, and political interference in criminal prosecutions that would be shocking within the traditional civilian and military justice systems. With the Obama administration planning to try the alleged 9/11 conspirators at Guantanamo and vindicate the legal experiment the Bush administration could barely get off the ground-The Terror Courts could not be more timely.

Sommario/riassunto

Die Wahrnehmung von Rechtsradikalismus in der Gesellschaft hat sich in den letzten Jahren verändert und wird vor allem überregional diskutiert. Doch wie reagieren Akteure vor Ort auf rechtsradikale Ereignisse, Gruppen oder Phänomene, welchen Umgang finden sie mit ihnen? Und haben diese Aushandlungsmodi Einfluss auf neuerliche rechtsradikale Formierungen? An ausgewählten Fallbeispielen aus Niedersachsen untersuchen die Autor_innen Wechselwirkungen rechtsradikaler Phänomene mit der lokalkulturellen Mehrheitsgesellschaft, besonders mit lokalen Akteuren und Institutionen. Dabei zeichnen sie auch die historischen Entwicklungen nach, um sich den Tiefendimensionen der Entstehungs- und Konstituierungsbedingungen von politischem Rechtsradikalismus in lokalen Kontexten anzunähern.
