Nota di contenuto	Front Matter -- Introduction -- Jewish Ideals of Leadership -- Models of Local Control within the Roman World -- The Extent of the Realisation of Jewish Ideals of Leadership between 70CE and 135CE -- Roman Control of Judaea from 70 to 135CE -- Conclusion -- Bibliography of Works Cited -- Index.
Sommario/riassunto	Reconstructing Jewish socio-political leadership of the late Second Temple and Talmudic periods, this book suggests that the period between two great revolts is the best period to study leadership dynamics. Prior to the emergence of the rabbinic leadership, biblically modelled leadership was still a realistic option, often co-existing with non-biblical polity. It also attempts to reconstruct the Jewish socio-political leadership of this period by examining how consistently the ideas of leadership that were available before 70 C.E. were followed after 70 C.E.
