Sommario/riassunto

New international approaches to strengthening nuclear security and combating the threat of nuclear terrorism have been introduced throughout the first decade of the 21st century. The adoption of new and revised mandatory international legal instruments, as well as other non-binding initiatives and voluntary mechanisms, have led to improved security measures in this critical area, but there is still a need for substantive and procedural arrangements to be significantly strengthened. This book is a collection of the presentations and deliberations of participants at the NATO Advanced Research Wor
