|-------------------------|---|
| 1. Record Nr. | UNINA9910462679503321 |
| Titolo | Chile earthquake of 2010 lifeline performance [[electronic resource] /] / prepared by Earthquake Investigation Committee of the Technical Council of Lifeline Earthquake Engineering ; edited by Alex K. Tang, John M. Eidinger ; sponsored by Technical Council on Lifeline Earthquake Engineering |
| Pubbl/distr/stampa | Reston, Va., : American Society of Civil Engineers, 2013 |
| ISBN | 0-7844-7784-1 |
| Descrizione fisica | 1 online resource (425 p.) |
| Collana | Monograph ; ; no. 36 |
| Altri autori (Persone) | TangAlex EidingerJohn M |
| Disciplina | 624.1/762 |
| Soggetti | Lifeline earthquake engineering - Chile - Evaluation Earthquake damage - Chile Chile Earthquake, Chile, 2010 (February 27) Electronic books. |
| Lingua di pubblicazione | Inglese |
| Formato | Materiale a stampa |
| Livello bibliografico | Monografia |
| Note generali | Description based upon print version of record. |
| Nota di bibliografia | Includes bibliographical references and index. |
| Nota di contenuto | ""Cover""; ""Contents""; ""Preface""; ""Contributors""; ""Acknowledgements""; ""Acknowledgment of Local Support""; ""1. INTRODUCTION""; ""1.1 Geotechnical Aspects""; ""1.2 Lifelines""; ""1.3 Organization""; ""2. SEISMOLOGY AND GEOTECHNICAL CONSIDERATIONS""; ""2.1 Geologic Aspects""; ""2.2 Geotechnical Engineering Aspects""; ""2.3 Discussion and Recommendations""; ""2.4 Acknowledgements""; ""2.5 References""; ""3. TRANSPORTATION SYSTEMS""; ""3.1 Description of the System""; ""3.2 Overview of System Performance""; ""3.3 Performance of Highways and Bridges""; ""3.4 Railways""; ""3.5 Observations and Recommendations""""3.6 Acknowledgements""; ""3.7 References""; ""4. PORTS""; ""4.1 Overview of Ports Performance""; ""4.2 Coronel""; ""4.3 Port of San Vicente""; ""4.4 Port of Lirquen""; ""4.5 Port of Talcahuano""; ""4.6 Navy Port at Molo""; ""4.7 Abastible Pier and Other Independent Offshore Piers in the Concepcion Area""; ""4.8 Major Observations and Recommendations""; ""4.9 |

Acknowledgements"; "5. GAS AND LIQUID FUEL"; "5.1 Description of System"; "5.2 Refinery Performance"; "5.3 Crude Oil Pipeline System Performance"
"5.4 Liquid Petroleum Gas (LPG) Plant Performance""5.5 Gas Fuel System Performance"; "5.6 Major Observations and Recommendations"; "5.7 Acknowledgments"; "6. ELECTRIC POWER SYSTEMS"; "6.1 System Description"; "6.2 System Characteristics and Response"; "6.3 Generating Systems"; "6.4 Transmission System"; "6.5 Distribution System"; "6.6 Transmission and Distribution Lines"; "6.7 Conclusions and Observations"; "6.8 Acknowledgements"; "6.9 References"; "7. TELECOMMUNICATION SYSTEMS"; "7.1 Description of the System"; "7.2 Overview of System Performance"
"7.3 Cellular Networks""7.4 Landline Network Including Transmission and Distribution"; "7.5 General Observations"; "7.6 Major Observations and Recommendations"; "7.7 Acknowledgements"; "8. WATER AND WASTEWATER SYSTEM"; "8.1 Description of System"; "8.2 Overview of System Performance"; "8.3 Damage Sites"; "8.4 Major Observations and Recommendations"; "8.5 Acknowledgments"; "8.6 References"; "9. AIRPORTS"; "9.1 Description of Airports"; "9.2 Overview of System Performance"; "9.3 Santiago Internatioanl Airport (SCL)"
"9.4 ConcepciA³n International Airport (CCP)""9.5 Los Angeles Airport (LSQ)"; "9.6 Observations and Recommendations"; "9.7 Acknowledgments"; "10. INFRASTRUCTURE INTERDEPENDENCIES AND RESILIENCE"; "10.1 Phases of Lifeline System Interdependence"; "10.2 Lifeline System Restoration Performance"; "10.3 Quantitative Lifeline Interdependence Analysis"; "10.4 Research and Practical Challenges"; "10.5 Conclusions and Recommendations"; "10.6 Acknowledgements"; "10.7 References"; "10.8 Appendix A"; "11. EMERGENCY RESPONSE, RECOVERY, AND SOCIAL IMPACT"
"11.1 Earthquake Culture"
