	Sommario/riassunto	Governance in the Middle East is topic of interest to scholars, activists and policy makers. The currently proposed book is intended to present the first comprehensive framework of the question of governance in the Middle East in its various forms and manifestations: political, economic, and government performance. This study will supply the context that is missing in the existing literature on, perhaps, the last bastion of authoritarianism in the world.Proposed ContentsThis book will be structured into two parts: Part I (Chapters 1-11) provides some theoretical backgro
