Nota di contenuto	pt. 1. Demography and public opinion -- pt. 2. Economics -- pt. 3. Framing and institutional effects -- pt. 4. Diversity and opinion.
Sommario/riassunto	Although ambivalence characterizes the stance of scholars toward the desirability of close opinion-policy linkages in general, it is especially evident with regard to immigration. The controversy and disagreement about whether public opinion should drive immigration policy are among the factors making immigration one of the most difficult political debates across the West. Leading international experts and aspiring researchers from the fields of political science and sociology use a range of case studies from North America, Europe and Australia to guide the reader through the complexities o
