Sommario/riassunto

Zimbabwe has cast a powerful regional and international shadow since it became independent in 1980 and more recently, through the crises of the first decade of the twenty-first century. The 2000's were a decade of combined political, economic and social crises in Zimbabwe following what had been a relatively successful twenty years of independence since 1980. The scale, depth and severity of the crises evolving since 2000 have been as dramatic as they have been unexpected. While there has been substantial coverage of the internal consequences of Zimbabwe's crises less attention has been paid to
