Employment agencies and domestic work in Ghana / Dzodzi Tsikata --
Corporate codes of conduct in the garment sector in Bangalore / Roopa
Madhav -- How Britain's low-paid non-unionised employees deal with
workplace problems / Anna Pollert -- Learning from case law accounts
of marginalised working / Lizzie Barmes.

Sommario/riassunto

"Focusing on paid work that blurs traditional legal boundaries and the challenge this poses to traditional forms of labour regulation, this collection of original case studies illustrates the wide range of different forms of regulation designed to provide decent work. The original case studies cover a diversity of workers from across developed and developing countries, the formal and informal economies and public and private work spaces. Each deals with the failings of traditional labour law, and several explore the capacity of different forms of regulatory techniques, such as commercial law, corporate codes of conduct, or supply chain regulation, to protect workers."--Bloomsbury Publishing.
