Sommario/riassunto

Eco-Critical Literature: Regreening African Landscapescritically examines the representations, constructions, and imaginings of the relationship between the human and non-human worlds in contemporary African literature and culture. It offers innovative, incisive, and critical perspectives on the importance of sustaining a symbiotic relationship between humans and their environment. The book thus carries African scholarship beyond the mere analysis of themes and style to ethical and activist roles of literature having an impact on readers and the public. It is a scholarship geared towards recti
