Note generali Nota di bibliografia Includes bibliographical references and index. Nota di contenuto pt. 1. Making space -- pt. 2. Writing between the lines -- pt. 3. Between men: finding their own way. Between Men and Feminism had its origins in a lively colloquium at St Sommario/riassunto John's College, Cambridge in 1990. It discusses how two decades of feminism have affected the ways men define their own masculinities, and how they have responded in their own social, sexual and political lives to the challenges posed by the evolving feminist critiques of patriarchy and maleness itself. The collection contains a great diversity of approaches from Britain and North America. It includes viewpoints from academics, a poet, an educational researcher and the members of

an active men's group. Gay
