Sommario/riassunto	The increased use of direct democracy measures across the United States has brought attention to the individual petitioner however their motivations and goals continue to be an enigma.Drawing on behavioral, historical and legal analysis to provide a more concrete depiction of these individuals, expert contributors examine the true personalities, motivations and expectations, successes and failures of petitioners in

the direct democracy process and how they culminate in policy formation across the United States. Six typologies; the zealot, the victim, the amateur, the lawyer, t
