Conveniently gathered; 42. Clear blue sky; 43. Smooth glide approach; 44. Small black dot; 45. That US sub ...; 46. Strings of sardines; 47. Storm
Sommario/riassunto	A fiction novel using the magical realism style. This is more than just a time-travel novel - Blood is a far-reaching and multi-layered work that must be read to be believed. Playfully eccentric in places and heart-achingly sad in others, with a dark, comedic vein lying just below the surface, Blood is an exceptional work of fiction.
