Sommario/riassunto	The battle of Bannockburn, fought on the fields south of Stirling at midsummer 1314, is the best known event in the history of Medieval Scotland. It was a unique event. The clash of two armies, each led by a king, followed a clear challenge to a battle to determine the status of Scotland. As a key point in the Anglo-Scottish wars of the fourteenth century, the battle has been extensively discussed, but Bannockburn was also a pivotal event in the history of the British Isles. This book analyses the road to Bannockburn, the campaign of 1314 and the aftermath of the fight. It demonstrates that in

Sommario/riassunto

The premise of this book is that, in a globalized economy dependent on innovation and knowledge, higher education must provide greater, more affordable access to the acquisition of higher-level skills and knowledge for a greater proportion of the population. The purpose of this book is to open up a debate about the status quo. Should four-year institutions remain the near-exclusive conferrers of the baccalaureate? Or is there a legitimate role for community colleges who already educate over half the undergraduate population of the United States, at lower cost with few barriers to access? The con
