Sommario/riassunto	This classic work, first published in 1971, explores the transition in painting styles from the late Sung period to the art of Yuan dynasty literati. Building on the pioneering work of Oswald Siren and James Cahill, Susan Bush's investigations of painting done under the Chin dynasty confirmed the dominance of scholar-artists in the north and their gradual development of scholarly painting traditions, and a related study of Northern Sung writings showed that their theory was shaped as much by the views of their social class as by their artistic aims. Bush's perspective on Sung scholars' art and

Sommario/riassunto	"This book describes the methods used by Joseph Parnes, President of Technomart, to obtain consistent returns in the stock market. Most investors fail to exceed the returns represented by the Standard and Poor's Stock Index, but Parnes often does using his investment philosophy. This book outlines his method of stock assessment, providing an understandable formula. If the formula tells a reader to buy a stock, then, as explained, there is a significant chance that stock will go up. If the formula tells a reader to short a stock, then the book shows how there is a significant chance that the stock will go down"--
