International Women's Activism; The Backlash; Postmodernist Feminism?;
Transversal Politics; An Endnote; References; Index

Sommario/riassunto

In 'Gender and Nation' Yuval-Davis argues that the construction of nationhood involves specific notions of both 'manhood' and 'womanhood'. She examines the contribution of gender relations to key dimensions of nationalist projects - the nation's reproduction, its culture and citizenship - as well as to national conflicts and wars, exploring the contesting relations between feminism and nationalism.
