#### Sommario/riassunto

Praise for the fifth edition: "I applaud Dr. Haber for addressing key concepts and issues in health promotion and aging, and making them accessible, respectful, mindful, and empowering." -Marilyn R. Gugliucci, PhD? . Director, Geriatrics Education and Research, University of New England. Past President, AGHE. "David Haber has done it again! ...A must-have for students and faculty alike." -Barbara Resnick , PhD, CRNP, FAAN. Substantially revised and updated, the sixth edition of this classic text continues to define healthy aging by illustrating how to prevent disease and make large-scale

Nota di contenuto	<p>Cover; Half Title; Title Page; Copyright Page; Table of Contents; Dedication; Minding the Body: Psychotherapy in Cases of Chronic and Life-Threatening Illness; How Can Feminist Therapists Support Women with Autoimmune Disorders?; Chronic Fatigue Syndrome: A First-Person Story; Fibromyalgia: A Feminist Biopsychosocial Perspective; Battling Injury and Chronic Illness in a Managed Care World: A Case History; Social Construction of Illness: Addressing the Impact of Cancer on Women in Therapy; Putting Theory into Practice: A Psychologist's Story</p> <p>Feminist Psychotherapy in Cases of Life-Threatening IllnessFrom Life-Threatening Illness to a More Sensitive Therapist: One Woman's Journey; Index</p>
Sommario/riassunto	<p>Support and empower women who are coping with the pain, fear, and stigma of serious diseaseBeing diagnosed with cancer, chronic fatigue syndrome, or fibromyalgia is a traumatic event that takes place at a time when the patient is already feeling physically (and often emotionally) drained. Minding the Body combines feminist and social constructionist approaches to offer an intimate look into the ways a therapist can help clients cope with the pain, fear, and stigma of serious disease.Minding the Body offers an alternative to the reductive view of the mind-body connection and</p>
