Sommario/riassunto

In this in-depth overview of Australia's economy, Michael Enright and Richard Petty - leading scholars on international competition-look at the data behind the news reports to offer a complete view of Australia's stable and wealthy economy. The book compares Australia with other similarly sized OECD economies as well as other Asia-Pacific economies and looks at fifteen international sources of data on competitiveness. It features a large-scale survey on Australian companies and offers deep insight on the country's future in terms of economics and economic policy. Revealing an honest assessm
