	Nota di contenuto	pt. I. Varieties of trust and distrust -- pt. II. What and whom can we trust? -- pt. III. Trust in philosophy and religion.
	Sommario/riassunto	This study begins by presenting trust as a characteristic form of interpersonal and communal relationship. In the second chapter, the scope is narrowed to someone's reliance on one or more trustworthy individuals. Chapters 3 to 5 explore specific aspects of trust, insofar as we confide in social structures or movements, the impersonal regularities and events of nature, or our own particular talents, motivations, and possibilities.
