Sommario/riassunto	Specifically designed for student nurses, Clinical Skills for Nurses provides a handy, portable introduction to both the knowledge and practical procedures that first year nursing students require. Giving you the knowledge behind the skill, this book will boost your confidence and competence for your clinical placements and time in the clinical skills lab. Clinical Skills for Nurses covers the skills and procedures used most frequently in clinical practice, and includes Point of Care training; blood transfusion and tracheotomy care; continence and bowel care; and
