Sommario/riassunto

The first in-depth, comparative, and interdisciplinary study of indigenous Amazonian musical cultures, *Burst of Breath* showcases new research on the dynamic range of ritual power and social significance of various wind instruments-including flutes, trumpets, clarinets, and whistles-played in sacred rituals and ceremonies in Lowland South America. The editors provide a detailed overview of the historical significance, scientific classification, shamanic and cosmological associations, and changing social meanings of ritual wind instruments within Amazonian cultures. Th
