Nota di contenuto Front matter -- Contents -- Introduction. The Origins of Quaker Pennsylvania -- PART I. Beginnings -- Chapter 1. Quakerism's English Roots -- PART II. Disorder -- Chapter 2. William Penn Settles His Colony -- Chapter 3. Words and Things -- Chapter 4. "Bastard Quakers" in America -- Chapter 5. Narratives of Early Pennsylvania, I --PART III. Triumph -- Chapter 6. Narratives of Early Pennsylvania, II --Chapter 7. The Parables of Pennsylvania Politics -- Conclusion. Caleb Pusey, Miller Philosopher and Man of Letters -- Abbreviations -- Notes -- Index -- Acknowledgments In its early years, William Penn's "Peaceable Kingdom" was anything but. Sommario/riassunto Pennsylvania's governing institutions were faced with daunting challenges: Native Americans proved far less docile than Penn had hoped, the colony's non-English settlers were loath to accept Quaker authority, and Friends themselves were divided by grievous factional struggles. Yet out of this chaos emerged a colony hailed by contemporary and modern observers alike as the most liberal, tolerant, and harmonious in British America. In Friends and Strangers, John Smolenski argues that Pennsylvania's early history can best be

understood through the lens of creolization-the process by which Old

World habits, values, and practices were transformed in a New World setting. Unable simply to transplant English political and legal traditions across the Atlantic, Quaker leaders gradually forged a creole civic culture that secured Quaker authority in an increasingly diverse colony. By mythologizing the colony's early settlement and casting Friends as the ideal guardians of its uniquely free and peaceful society, they succeeded in establishing a shared civic culture in which Quaker dominance seemed natural and just. The first history of Pennsylvania's founding in more than forty years, Friends and Strangers offers a provocative new look at the transfer of English culture to North America. Setting Pennsylvania in the context of the broader Atlantic phenomenon of creolization, Smolenski's account of the Quaker colony's origins reveals the vital role this process played in creating early American society.
