	Sommario/riassunto	His Hiding Place is Darkness explores the uncertainties of faith and love in a pluralistic age. In keeping with his conviction that studying multiple religious traditions intensifies rather than attenuates religious devotion, Francis Clooney's latest work of comparative theology seeks a way beyond today's religious and interreligious uncertainty by pairing a fresh reading of the absence of the beloved in the Biblical Song of Songs with a pioneering study of the same theme in the Holy Word of Mouth (9th century CE), a classic of Hindu mystical poetry rarely studied in the West.<

2. Record Nr.   UNISA996212302203316

Titolo   International Workshop on Multimedia Software Development : proceedings, Berlin, Germany, March 25-26, 1996 / / sponsored by IEEE Computer Society Technical Council on Software Engineering

ISBN   0818675116

Soggetti   Multimedia systems - Congresses
Computer software - Development

Lingua di pubblicazione   Inglese
