

1. Record Nr.	UNINA9910463454403321
Autore	Kabir C. S
Titolo	Performance forecasting in shale reservoirs [[electronic resource] /] / C. S. Kabir, D. Ilk
Pubbl/distr/stampa	Richardson, TX, : Society of Petroleum Engineers, c2012
ISBN	1-61399-270-X
Descrizione fisica	1 online resource (377 p.)
Collana	Getting up to speed
Altri autori (Persone)	IlkD
Soggetti	Oil-shales Oil shale reserves Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	<p>""Foreword""; ""Contents""; ""Overview""; ""Tight Gas Sands""; ""Coalbed-and Shale-Gas Reservoirs""; ""Petrophysical Considerations in Evaluating and Producing Shale Gas Resources""; ""Production Data Analysis: Unraveling Rock Properties and Completion Parameters""; ""Stimulating Unconventional Reservoirs: Maximizing Network Growth While Optimizing Fracture Conductivity""; ""What Is Stimulated Reservoir Volume?""; ""The Next Opportunity To Improve Hydraulic-Fracture Stimulation""; ""Numerical Methods""; ""Reservoir Modeling in Shale-Gas Reservoirs""</p> <p>""Impacts of the Number of Perforation Clusters and Cluster Spacing on Production Performance of Horizontal Shale-Gas Wells""</p> <p>Unconventional Shale Oil and Gas-Condensate Reservoir Production, Impact of Rock, Fluid, and Hydraulic Fractures""; ""Analytical/Empirical Methods""; ""Modelling and Analysis of Shale Gas Production With a Skin Effect""; ""New and Improved Methods for Performing Rate-Transient Analysis of Shale Gas Reservoirs""; ""Analysis of Production Data From Hydraulically Fractured Horizontal Wells in Shale Reservoirs""; ""Analyzing Production Data From Tight Oil Wells""</p> <p>""Exponential vs. Hyperbolic Decline in Tight Gas Sandsa? €Understanding the Origin and Implications for Reserve Estimates Using Arpsa€? Decline Curves""""Production-Data Analysisa? €Challenges, Pitfalls, Diagnostics""; ""A Better Way to Forecast</p>

Production From Unconventional Gas Wells""; ""Rate-Decline Analysis for Fracture-Dominated Shale Reservoirs""; ""Production Forecasting With Logistic Growth Models""; ""Assessing Uncertainty and Recovery Estimation""; ""Reserves in Nontraditional Reservoirs: How Can We Account for Them?""; ""Gas-Reserves Estimation in Resource Plays"" ""A Practical Solution to Describe the Proved Area Within a Resource Play Using Probabilistic Methods""""Continuous Estimation of Ultimate Recovery""; ""Practical Application of a Probabilistic Approach to Estimate Reserves Using Production Decline Data""; ""Probabilistic Production Forecasting for Unconventional Reservoirs With Stretched Exponential Production Decline Model""
