

1. Record Nr.	UNINA9910463458703321
Autore	Chowdhury Zaid K
Titolo	Activated carbon [[electronic resource]] : solutions for improving water quality // Zaid K. Chowdhury ...[et. al.]
Pubbl/distr/stampa	Denver, : American Water Works Association, 2013
ISBN	1-5231-1923-3 1-61300-202-5
Descrizione fisica	1 online resource (353 p.)
Disciplina	628.1/66
Soggetti	Water - Purification - Adsorption Water - Purification - Organic compounds removal Carbon, Activated Water quality Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	""Contents""; ""List of Figures""; ""List of Tables""; ""Authors and Editor""; ""Acknowledgments""; ""Preface""; ""Introduction""; ""List of Abbreviations and Acronyms""; ""Part 1 Activated Carbon Adsorption Technologies ""; ""Fundamentals of Adsorption""; ""Powdered Activated Carbon Systems""; ""Granular Activated Carbon Systems""; ""Part 2 Adsorption Applications ""; ""Activated Carbon Application Approaches""; ""Dissolved Organic Matter Control""; ""Taste-and-Odor Control""; ""Activated Carbon for Organic Contaminant Control""; ""Part 3 Design and Procurement of Activated Carbon Systems "" ""Gravity GAC Treatment System Design""""Pressure GAC Treatment System Design""; ""Vapor-Phase GAC Treatment Design""; ""On-Site GAC Reactivation Design""; ""PAC Feed System Design""; ""Activated Carbon System Implementation and Economic Considerations""; ""Appendix A""; ""Appendix B""; ""Index""
