Markedness and NP Typology / Schürcks, Lilia -- D-heads, domain
restriction, and variation: From Greek and Basque to Salish / Etxeberria,
Urtzi / Giannakidou, Anastasia -- Slavic Clitic Systems in a Typological
Perspective / Kosta, Peter / Zimmerling, Anton

Sommario/riassunto

The contributions in this volume shed new light on the discussion of whether the DP hypothesis applies universally or not. The issue is prominent not only for Slavic languages. Drawing on evidence from many other languages, Greek, East Asian, and Basque among them, the book has important implications for answering fundamental questions about the nature of definiteness and quantification.
