Vallega -- 9 Origin, Freedom, and Gelassenheit: On Heidegger's Second "Country Path Conversation" / Holger Zaborowski -- 10 The Hermeneutic Phenomenological Approach to Plurality: Arendt, Habermas, and Gadamer / Veronica Vasterling -- 11 A System of Heterogenesis: Deleuze on Plurality / Martijn Boven -- 12 Deciding on Plurality? Plato's Parmenides between Badiou and Agamben / Gert-Jan van der Heiden -- Index.
Sommario/riassunto	Phenomenological Perspectives on Plurality offers twelve essays that discuss how the question of plurality is thought in contemporary continental philosophy. In particular, its essays investigate how this

issue influences topics in ontology, aesthetics, and social and political philosophy as well as other fields. In the wake of the critique of metaphysics as onto-theology, the question of plurality has become a central focus of philosophy today. This question does not only give rise to rethink the beginning of metaphysics as well as some of its basic concepts, such as the notion of God, but also influences the contemporary conception of art, identity and community.
