Sommario/riassunto	Taking a phenomenological approach to allegory, Structures of Appearing seeks to revise the history of aesthetics, identifying it as an ideology that has long subjugated art to philosophical criteria of judgment. Rather than being a mere signifying device, allegory is the structure by which something appears that cannot otherwise appear. It thus supports the appearance and necessary experience of philosophical ideas that are otherwise impossible to present or represent. Allegory is as central to philosophy as it is to literature. Following suggestions by Walter Benjamin, Machosky argues that a
