Sommario/riassunto Sarah Hutton presents a rich historical study of one of the most fertile periods in modern philosophy. It was in the seventeenth century that Britain's first philosophers of international stature and lasting influence emerged. Its most famous names, Hobbes and Locke, rank alongside the greatest names in the European philosophical canon. Bacon too belongs with this constellation of great thinkers, although his status as a philosopher tends to be obscured by his statusas father of modern science. The seventeenth century is normally regarded as the dawn of

modernity following the breakdown of the
