	Sommario/riassunto	Cambodia is poised to join a new generation of Asian frontier economies transitioning from low-income to emerging-market. But the path to greater and more shared prosperity requires a solid foundation of sound macroeconomic policies, enabling new growth drivers,

tackling a highly dollarized and fragmented financial system, and creating more fiscal policy space to help meet Cambodia's vast development needs. This book first takes a closer look at the key economic challenges Cambodia faces at the current juncture, highlighting Cambodia's structural and financial constraints to growth as well as
