Sommario/riassunto

The 1989 UN Convention on the Rights of the Child has inspired advocates and policy makers across the globe, injecting children's rights terminology into various public and private arenas. Children's right to participate in decision-making processes affecting their lives is the acme of the Convention and its central contribution to the children's rights discourse. At the same time the participation right presents enormous challenges in its implementation. Laws, regulations and mechanisms addressing children's right to participate in decision-making processes affecting their lives have been est
