

1. Record Nr.	UNINA9910463771603321
Autore	Bélanger Jean
Titolo	Responsible Care® : a case study // edited by Peter Topalovic and Gail Krantzberg ; published in cooperation with the International Union of Pure and Applied Chemistry (IUPAC)
Pubbl/distr/stampa	Berlin ; ; Boston : , : Walter de Gruyter GmbH & Co. KG, , [2014] ©2014
ISBN	3-11-034316-9
Descrizione fisica	1 online resource (100 p.)
Disciplina	363.19
Soggetti	Chemicals - Safety measures Chemical plants - Safety measures Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Front matter -- Preface -- Contents -- List of Contributing Authors -- 1. Responsible Care: History and development / Bélanger, Jean / Topalovic, Peter / Krantzberg, Gail / West, Joanne -- 2. Responsible Care in global supply chains: A case study / Topalovic, Peter / Krantzberg, Gail / Topalovic, Maria -- 3. Responsible Care ' s effectiveness in promoting sustainable industrial performance: A case study in sustainable chemical production and distribution / Topalovic, Peter / Topalovic, Maria / Krantzberg, Gail -- 4. Responsible Care workshop: Exploring the effectiveness of Responsible Care - workshop overview and toolkit / Topalovic, Peter / Krantzberg, Gail -- Appendix -- Index
Sommario/riassunto	Responsible Care - A Case Study is the first book of its kind to provide insight into the development and evolution of Responsible Care and its influence of societal outcomes on the basis of case studies. It provides readers in industry, government, and academia with the principles and innovative thinking associated with the Responsible Care ethic as a means to promote and implement such advanced concepts in their own institution. The book is not only a teaching aid for university curriculum, it also serves as a practical tool to industrial management

and staff to improve industrial policies. The last chapter illustrates a practical example of a workshop held at McMaster University, Canada, which can be used as a model for readers to use this book as an educational tool.
