

1. Record Nr.	UNINA9910463772003321
Titolo	Heptinstall's pathology of the kidney
Pubbl/distr/stampa	Philadelphia : , : Wolters Kluwer Health, , [2015] ©2015
ISBN	1-4963-2433-1 1-4698-8755-X 1-4511-4411-3
Edizione	[Seventh edition /]
Descrizione fisica	1 online resource (1539 p.)
Disciplina	616.6/2207
Soggetti	Kidneys - Diseases Kidneys - Pathophysiology Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Renal anatomy and histology / Stephen M. Bonsib -- Development of the kidney / Adrian S. Woolf and Dagan Jenkins -- Primer on the pathologic classification and diagnosis of renal disease / J. Charles Jennette, Fred G. Silva, Jean L. Olson, and Vivette D. DAgati -- Cystic diseases and developmental kidney defects / Helen Liapis and Paul Winyard -- The nephrotic syndrome and minimal change disease / Jean L. Olson -- Focal segmental glomerulosclerosis and childhood nephrotic syndrome / Vivette D. DAgati and M. Barry Stokes -- Membranous glomerulonephritis / Glen S. Markowitz and Vivette D. DAgati -- Membranoproliferative glomerulonephritis / Xin J. Zhou and Fred G. Silva -- C3 glomerulopathies, including dense deposit disease / H. Terence Cook and Matthew C. Pickering -- Acute postinfectious glomerulonephritis and glomerulonephritis caused by persistent bacterial infection / Anjali A. Satoskar, Tibor Nadasdy, and Fred G. Silva -- Renal injury associated with human immunodeficiency virus infection and therapy / Arthur H. Cohen and Cynthia C. Nast -- Iga nephropathy and iga vasculitis (henoch-schonlein purpura) nephritis / Mark Haas -- Alports syndrome, familial benign hematuria, nail-patella syndrome, type iii collagen glomerulopathy, and piersons syndrome /

Marie-Claire Gubler, Laurence Heidet, and Corinne Antignac -- Renal disease in systemic lupus erythematosus, mixed connective tissue disease, sjogren's syndrome, and rheumatoid arthritis / Vivette D. D'Agati and M. Barry Stokes -- Anti-glomerular basement membrane glomerulonephritis and goodpasture's syndrome / J. Charles Jennette and Volker Nickleit -- Pauci-immune and antineutrophil cytoplasmic autoantibody-mediated crescentic glomerulonephritis and vasculitis / J. Charles Jennette and David B. Thomas -- Volume 2 -- Renal involvement in polyarteritis nodosa, kawasaki disease, takayasu arteritis, and giant cell arteritis / J. Charles Jennette and Harsharan K. Singh -- Thrombotic microangiopathies / Zoltan G. Laszik, Neeraja Kambham, and Fred G. Silva -- Renal disease in pregnancy / Agnes B. Fogo -- Renal disease caused by hypertension / Jean L. Olson -- Diabetic nephropathy / Jean L. Olson and Zoltan G. Laszik -- Renal diseases associated with plasma cell dyscrasias, amyloidoses, and waldenstrom's macroglobulinemia / Guillermo A. Herrera and Maria M. Picken -- Glomerular diseases with organized deposits / Samy S. Iskandar and Guillermo A. Herrera -- Pyelonephritis, reflux nephropathy, hydronephrosis, and nephrolithiasis / Helen Liapis, Joseph P. Gaut, John E. Tomaszewski, and Lois Arend -- Acute and chronic tubulointerstitial nephritis / Sergey V. Brodsky and Tibor Nadasdy -- Ischemic and toxic acute tubular injury and other ischemic renal injury / Gilbert Moeckel, Michael Kashgarian, and Lorraine V. Racusen -- Renal disease caused by inborn errors of metabolism, storage diseases, and hemoglobinopathies / Laura S. Finn -- Renal changes with aging and end-stage renal disease / Xin J. Zhou, Andrew Fenves, Nosratola D. Vaziri, and Ramesh Saxena -- Renal transplant pathology / Volker Nickleit, Michael Mengel, and Robert B. Colvin -- Renal neoplasms / John N. Eble and David J. Grignon.

Sommario/riassunto

If you're looking to deepen your understanding of kidney disease, look no further than Heptinstall's Pathology of the Kidney, 7th Edition. Authored by the world's most accomplished renal pathologists, this image-rich text conveys the intricacies and comprehensiveness of renal disease, offering powerful diagnostic and treatment recommendations from decades of clinical research. Stay up to date on the cutting edge of kidney research and treatment and offer your patients the best therapeutic options and preventative measures available today with this all-inclusive two volume set. Key Features: in
