Sommario/riassunto	Skandapura III presents a critical edition of the Vindhyavsin Cycle (Adhyayas 34.1-61, 53-69) from the Skandapura , with an introduction and annotated English synopsis. The text edited in this volume provides the oldest full account of the myth of the goddess of the Vindhya mountains; it is one of the main sources of the Devmhtmya , the most famous scripture of the goddess worship in India, and as such indispensable for the study of the history of goddess worship. The introduction contains an examination into the relationship of the manuscripts and the date of the Skandapura . The work is currently only available in print as an exact reprint done in a smaller book size (15.5 x 23.5 cm) than the first printrun.
