Titolo	Persistent inequalities : wage disparity under capitalist competition / / by Howard Botwinick
Pubbl/distr/stampa	Boston : , : Brill, , [2017]
ISBN	90-04-26959-2
Descrizione fisica	1 online resource (xiii, 370 pages)
Collana	Historical materialism book series, , 1570-1522 ; 152
Disciplina	331.2/153
Soggetti	Wages Marxian economics Electronic books.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Front Matter -- Introduction -- Continuing Attempts to Square the Circle (Or, Competitive Theory Confronts Differential Wage Rates) -- Capitalist Accumulation and the Aggregate Labour Market -- Wage Differentials and the Aggregate Labour Market -- Capitalist Competition and Differential Profit Rates -- Capitalist Competition and Differential Wage Rates (I): The Analysis of Regulating Capitals -- Capitalist Competition and Differential Wage Rates (II): Non-regulating Capitals and Differential Profit Rates -- Conclusion -- The Past 20 Years Have Not Been Pretty -- Bibliography -- Index.
Sommario/riassunto	Economists generally assume that wage differentials among similar workers will only endure when competition in the capital and/or labor market is restricted. In contrast, Howard Botwinick uses a classical Marxist analysis of real capitalist competition to show that substantial patterns of wage disparity can persist despite high levels of competition. Indeed, the author provocatively argues that competition and technical change often militate against wage equalization. In addition to providing the basis for a more unified analysis of race and gender inequality within labor markets, Botwinick's work has important implications for contemporary union strategies. Going against mainstream proponents of labor-management cooperation, the author calls for militant union organization that can once again take wages

and working conditions out of capitalist competition. This revised edition was originally published under the same title in 1993 by Princeton University Press.

Sommario/riassunto

The contributions to the conference held in Geneva in 2003, focus on the very latest approaches to 'e-Learning'. The power and enormous diversity of this medium, becomes apparent as experts from all over the world compare notes and raise a whole new range of issues. The reader can examine the presentations of the various practitioners, or go straight to the discussions at the end, for insights into what the future holds for teachers and students alike.
