The Actuality of Words: The Language Poets

Sommario/riassunto

"In his preface to this work, Richard Gray says that he has "tried to be faithful to the sheer range and plurality of the American poetic tradition," and much the most impressive feature of this work is the "sheer range" of authors it covers. Extending from Philip Freneau at the end of the eighteenth century to emerging Asian-American poets at the beginning of the twenty-first, this book offers the reader a compendious, almost encyclopaedic range, which treats every facet of American poetry ... Gray writes fluently and with stylistic brio about a very large range of American poets, and he manag
